### The Best Remedy for Rheumatism

QUICK RELIEF FROM PAIN.

All who use Chamberlain's Pain Balm for rheumatism are delighted with the quick relief from pain which it affords. When speaking of this Mr. D. N. Sinks, of Troy, Ohio, says: "Some time ago I had a severe attack of rheumatism in my arm and shoulder. I tried numerous remedies but got no relief until I was recommended by Messrs. Geo. F. Parsons & Co., druggists, of this place, to try Chamberlain's Pain Balm. They recommended it so highly that I bought a bottle. I was soon relieved of all pain. I have since recommended this liniment to many of my friends, who agree with me that it is the best remedy for muscular rheumatism in the market." For sale by Coldwell & Chaudoin.

### NOW IS THE TIME.

For people of Sequachee and vicinity to fix up their fences and barns as such lumber needed will never again be bought so cheap as now at Peter Cave Park at the mill of A. Milbranda. You can buy oak and poplar for barns and fences for 40 cents per hundred feet. You get no sap. It comes right out of the heart. It will never warp or twist and the oak is very tough.

One of my milliners was taking Chamberlain's Cough Remedy for a severe cold at that time which seemed to relieve her so quickly that I bought some for myself. ### AMENDMENTS MADE.

Hon. John T. Raulston Sends Changes in Bond Bill.—A Very Good Commission Appointed.

Nashville, Tenn., April 5, 1901.

To the Editor of the Sequachee News: I send you herewith the Amendments made to the Bond Bill which you recently published and I hope you will also publish these since many people seem anxious to know what changes have been made.

I understand I am being criticised by some because I did not specifically lay out the route for the road leading from Jasper to Chattanooga.

As to that I will say this:

To those whose hearts are full of envy and jealousy and who are at all times ready to say hard things about somebody without a cause, I have nothing to say.

But to the good people who are sincere and who mean to do nothing more than to demand their rights I will say this:

I carefully considered this matter and thought it best since I was not familiar with the different routes from Jasper to Chattanooga to leave the laying out of this route to the discretion of the Commissioners and their engineers. The Commission is made up of good citizens who I am certain will do what they consider best for the tax-payers throughout the county. I am willing to trust them and think the people are also.

Of course it would be exceedingly convenient for me personally for this road to cross the mountain near the town where I live and if it is best for all who will have to bear part of the burden, I will be much pleased, but if it would not be best for all concerned then I shall be perfectly resigned to the will and best interest of the people of my county, when as a whole.

If you will only think for a moment you can see every man can't have improved road to come to his door. That is unless we issue more bonds. In things of this kind when I am acting for the whole people I try to divest myself of sectionalism and do what I consider best for all concerned.

Very respectfully,  
JNO. T. RAULSTON.

### AMENDMENTS.

#### SECTION 1.

Amended by inserting the following roads:

8th. The public road leading from Ketchikan up Sweden's Cove.

9th. The public road leading from Jasper to the south side of the Tennessee River by way of Rankins' Ferry; Provided the Commissioners hereafter provided for shall determine to what extent and to what points the last two roads mentioned shall be constructed. And said Commissioners shall also determine the location and route of road No. 6, as above set out. (Road leading from Jasper to Chattanooga.)

#### SECTION 2.

Was amended by inserting the following names: J. G. Lankester, J. A. Walker, B. Pope, Spencer Anderson and W. A. Brown.

Section 2 was also amended so as to provide that the work provided for therein should not be done or expenses incurred until after the Court shall have voted bonds.

#### SECTION 6.

The Section was so amended as to provide that the County Trustee shall receive as compensation for collecting and disbursing money one-half of one percent of all amounts collected.

#### SECTION 11.

Amended by striking out entire section except enacting clause, and inserting the following: That in the event the bonds heretofore provided for shall not be sufficient in amount to build and improve all the roads set out in Section 1 of this Act, then the number of miles of road built and improved on any particular road shall bear the same ratio to the whole number of miles of road built and improved under the provisions of this Act as the whole mileage of such road bears to the whole mileage of all the roads set out in Sec. 1. (Excepting from the provisions of this Section roads Nos. 8 and 9.)

The following Sections were added:

#### SECTION 15.

Be it further enacted, That the aforesaid Commissioners shall receive as compensation for their services two dollars (\$2.00) per day for actual service; Provided no Commissioner shall be paid for more than 150 days for first year and 75 for second year.

#### SECTION 16.

Be it further enacted, That no Commissioner created under the provisions of this Act shall receive his per diem or any part thereof until he shall have appeared before the County Judge of said county or some other person authorized to administer an oath, and make a sworn itemized statement of amount due him, which statement shall show number of days of actual service charged for, the date of each, and contain an averment that it was, in claimant's opinion, actually necessary for the public good that he render all the services charged for.
